Biography

Born in Riga. Latvia. Start my experience in music production in the 90s with experiments on old soviet synthesizers. In this century come to new horizons of music synthesizing with getting involved in to modular eurorack movement. Participate in Modular tribe Riga , where perform live in lot of events in these couple of years. Do lot of sound production what you can find on my SoundCloud page.
Now start my new life in Berlin Germany trying yo get connections with local modular comunity!
