Biography

deadclou is a multidisciplinary artist, producer and DJ from Tenerife, based in Barcelona, who began releasing music under this alias in 2020 and dropped his debut EP “SYNTHOUGHTS” in 2021, where he blends digital electronic textures with the warmth of his earlier indie material. In 2025 he released “Where Are We?”, after finishing his degree in Sound & Music Production, he worked as a Sound Technician at Sala Salamandra, and joined fellow producers ruxi, Saint Jabir and Dokku, marking his shift into dubstep with tracks like ‘If U Need It Remix’, ‘RELAXA!’ , and his breakout international collaboration ‘BELNOUR DUB’ with Dallo, which caught the attention of Skream, Modestep, Mr Carmack, Mixtress, Cesco, KARAN!, Slatin, Wraz., Robustt, Moore Kismet, JAUZ, NotLö and Team EZY. As a DJ, he’s closed for Fold at Razztamazz Main Room and played in many iconic venues such as Paral·el 62, Jamboree, Otto Zutz, and others. His sets deliver an energic, heavy low-end, genre bending Dubstep influenced by the full Bass & Club spectrum.
