ACID Brass - Camborne Town Band

90s House

Contact Information

Biography

We are Cornwall's Premier and most successful Brass Band in Cornwall regularly competing at National level amongst the best in the United Kingdom. We have been developing some new material over the last couple of year and have carried out some concerts in Cornwall and Devon performing 90s house music, which goes down an absolute storm with the audience. I have attached some links to videos of a concert we did in Plymouth last year with some material on it, for you to hear and hopefully see how much the audience enjoyed the music. We have since played at local pubs and have done a concert with Verdant brewery playing Acid Brass.

We would love the opportunity to perform this on some bigger stages and move it forward to show that a brass band isn't just summer concerts and traditional music. I would love to hear back from you if you think this is something we could perform at your, we have nothing but great feedback and positive comments, but would love to break the barrier and get on a big stage with it!
