Biography

About About In this site you will find some participations, collaborations and actions of Andreas Monopolis. It constitutes a record of personal and professional self-assessment, as it formerly functioned as Monopolis Productions.The guarantee of safety and respect for both the inanimate and living material as well as the intellectual material involved is a fundamental principle. The enduring experience in managing and supporting activities and the endeavor to promote creativity have so far yielded values and benefits beyond profit.A. Monopolis was born in Corfu in 1976. He is a graduate of technical college and has attended many courses and postgraduate seminars on sound recording, music, computer science, analysis, synthesis of electroacoustic music at the Department of Music Studies of Ionian University, having also the status of external partner. He is the x-owner of Jimmy’s restaurant,, a partner at Locandiera Hotel and collaborator at Corfu ProductionA. Monopolis is active in the field of music technology, organization of events and other related activities. During his career he has done numerous polymorphic artistic events and valuable collaborations that have given him priceless insight and experience. He is a member of the Hellenic of Electroacoustic Music Composers Association (HELMCA). He was also a member of the Photo Circle of Plato Rivellis and has participated in numerous international training projects. As the founder of NGO “O.S.C.S.” he has coordinated a plethora of cultural and social activities, bringing cultural diversity to the forefront.In addition to music, his artistic impulse is expressed through both the image and the material. From 2010 he creates original DIY electronic creations, motorcycles and organizes workshop seminars under the name of MOCM.
