Biography

Daniela Corvea specialised in House, Tech House and Afro House.

Music has been her passion for as long as she can remember. Coming from Spain and now based in the UK, her sound reflects both worlds.

Always striving to create the perfect vibe that gets people moving. She says: "For me, it’s all about connection. There’s nothing better than seeing and feeling pure the happiness in people through the music I play. I pour my heart into every set, aiming to turn each night into something special".

She's played across a range of iconic venues and events, including Ministry of Sound, Egg, XOYO, Basing House, Dalston CU, Dalston Den, Union Vauxhall, Club Makossa, festivals, various other events and venues in the UK. Sharing stage with talented artists such as P.O.U, KIMMIC, Leftwing:Kody, and Ben Kim.

She's also the founder of House of Sunsets, an immersive experience built around the vibrant sounds of Afro House and Tech House. It’s a night for those who crave freedom and connection, including fresh talent from London’s underground scene.
