Biography

Delores Galore is a synth-pop project from New Orleans that blends ethereal textures with driving, dance-floor-ready electronic beats. A proven live draw, they have opened for Lola Young at House of Blues, Big Freedia at Mobile Festival, and shared stages with Vision Video. Their organic, independent momentum has sparked strong international traction, landing global H&M playlist rotation for singles "Not The One" and "Don't Send Me Kisses," earning steady global DJ support, and catching the attention of UK label Acid Waxa, which released their acclaimed debut album, "New Growth." Building on strong listener demand abroad, Delores Galore is focusing 2027 on bringing their dynamic live show to international festival stages and connecting directly with their rapidly growing, dedicated overseas audience.
