DJ L'ADRI

TECHNO · MELODIC TECHNO · HOUSE TECHNO · MINIMAL

Groovy techno with a Berlin soul and Detroit roots, from the Sierra de Madrid.

FROM BERLIN TO YOUR EARS

An emerging artist from the Sierra de Madrid, **Dj L'Adri** brings the sound of Berlin to southern latitudes. Her style blends the brightest, most club-ready energy with groovy, relentless techno, always with Detroit as a reference point.

Her sets are a journey: they start in deep house and melodic house, move through minimal and melodic techno and land in techno, her natural home. She reads the floor and, when the crowd asks for it, takes it into afrohouse, latin house or funk. She has a strong presence behind the decks and keeps the crowd moving from start to finish.

She has played clubs in the Sierra de Madrid, events in the capital and underground raves, both solo and back-to-back. She is committed to the music and the values it carries.

"CLOSE YOUR EYES AND FEEL THE MUSIC GIVE YOU GOOSEBUMPS."
