Biography

Eugene K. is a cover singer from Warsaw, guitarist and multi-instrumentalist who combines vocals, acoustic guitar and live looping. By recording and layering musical parts during each performance, he builds arrangements in real time, giving his solo shows a fuller sound while preserving an intimate atmosphere and a direct connection with the audience.

His repertoire spans pop, rock, soul and timeless English-language hits. He brings his own interpretation to familiar songs, adapting the programme and energy to suit each occasion. His music can provide a subtle backdrop for conversation and dinner or take centre stage as the evening’s main performance.

Eugene K. performs at corporate events, private parties, weddings, restaurants, hotels and clubs. His solo format suits welcome receptions, cocktail hours, intimate celebrations and acoustic concerts. He is also open to regular collaborations with venues hosting live music evenings.

With experience in both original and cover bands, Eugene K. now develops his own approach to solo performance. He provides his own sound equipment and can issue invoices. Based in Warsaw and available in the surrounding area, he agrees performance duration, travel arrangements, technical requirements and pricing individually for each event.

For availability and a personalised quote, please share the date, location and nature of your event.

Performance Details

Tech rider

Set length / format: 1-3 sets 45 min

Other needs: 1 mic stand and 1 jack input in mixer.
