Biography

Droskyn are a four-piece original emo punk band from Cornwall, bringing punk melody, heavy grooves and restless energy to every stage they play. Harley Jack sings lead and plays lead guitar, Stan Matthews plays guitar and sings, and the two of them write and produce the songs; Will Pennington plays bass and Raff Harris plays drums.
The band met at college and started out playing punk. Their sound has grown heavier since, built on octave guitars, harmonies and the riff, with every song finished by all four members together. Whisper Magazine named them one of Falmouth’s ones to watch for 2026.
Live, they play to each other as much as to the crowd. As winners of The Great Estate’s 2026 Battle of the Bands, they played the festival’s Stage on the Green, where an early-afternoon field filled up and people sang their songs back afterwards. Other shows include Whiskers in Newquay, Fish Factory in Penryn and The Cornish Bank in Falmouth.
Singles: DEPENDANT EMERGENCY (2025) and Tripping Over Radio (2026). Now booking for 2027. punk band from Cornwall UK
