Biography

British soul/jazz singer-songwriter. Jordan Jackson is known for her poetic, soulful compositions and dynamic stage presence. She has performed across Europe with Son Little (US) as a support act, performed with Danish jazz pianist Niels Lan Doky, opened for Incognito, The Sugar Hill Gang, Glorya Gaynor and Omar and has had several sold out shows in the Copenhagen Jazz Festival. This summer she released her debut album, Back To Basics. Blending jazz, soul and R&B, Jordan’s been likened to Corinne Bailey Rae, Amy Winehouse, and Erykah Badu. Soothing and poetic, Jordan’s songwriting explores love in all its forms - romantic, platonic and self-directed.
