Biography

Born and raised in Berlin, LASC11, aka Laura, has been surrounded by music for most of her life. Before stepping behind the decks, she trained in classical violin, developing a broad and instinctive relationship with sound, rhythm and movement. Her path into DJing grew naturally out of years spent on dancefloors, where techno became a space of release and connection.

Her sets reflect this background: diverse, energetic and multilayered. Laura combines dark, hypnotic beats with punchy, industrial grooves and melodic elements. Rather than following one fixed lane, she focuses on building a continuous flow of energy - creating tension and texture.
