Biography

Romain Villeroy is an established DJ and producer, known for his distinctive productions and remixes in the nu disco and house genres. He made a name for himself on the European underground scene before the turn of the millennium, sharing the stage with numerous renowned international DJs. His energetic performances took him across Europe—including Germany, England, France, and Italy—as well as to iconic party hotspots such as Funky Room on Ibiiza and Mallorca.

In the early days of the house movement, Romain developed his own nu disco sound, characterized by groovy remixes and exclusive club productions. He has been working successfully with labels such as HIVE, Springbok Records, Little Jack Records, Moiss Music, Soultrack Records and more, releasing over 300 tracks. With his musical flair, he succeeds in filling dance floors worldwide with positive energy.

In his radio show "French Riviera Soulful House Mix," Romain presents a calmer, stylish mix far removed from the hustle and bustle of the club – broadcast on top stations such as FG Chic (FR), Yellow Radio (FR), Beachgrooves Radio (ES), Maxxima (CH), Soultrackradio.com (UK) and many more.
