Biography

RXS is a DJ and electronic music producer from Barcelona, Spain, bringing a powerful sound influenced by EDM, Mainstage and Progressive House. His sets combine high-energy drops, emotional melodies and festival-driven sounds, creating an experience designed to connect with the crowd.

With performances at events such as Terra Electronic Festival and Tomorrowland Ibiza, RXS continues to develop his own musical identity while building his presence in the international electronic music scene.

Versatile and adaptable, he can also deliver Open Format sets, bringing his energy and musical selection to different audiences and events. Currently releasing own music.
