Biography

Who Are We?
A 4 piece Classic Rock 'n' Roll band from Hull, UK. Blending sounds from all walks of the golden era with a distinct new perspective

Our Sound
A mixing pot of jaw clenching hypnotic lead lines. Hard satisfying riffs. Lose yourself, free flowing rhythms and heart wrenching melodic vocals.
Laying a path down for a sonic journey wavering on the surface of its pedigree.

A band with the core of rock n roll and echos of decades gone by. All complimented by the textures of modern soundscape
