Biography

Hey! I'm SLAPFVNK, a resident DJ at Cultur. I've been playing at various events for about a year now. You can check out one of my mixes via the link I sent you.

I mainly play neurofunk, dancefloor and jump-up DnB.

Performance Details

Typical Set Length: 60-120 minutes

Performance History: I started out playing outside a shawarma place, where we entertained people completely for free. Later, I was offered opportunities to play at dedicated events, mainly focused on drum & bass. That's how I became a resident DJ at Cultur.

I've played at DNBONLY events in Tallinn, including at CLWDS club. I've also taken part in a face-to-face (F2F) DJ battle.

My most recent gig was at the Rummu quarry, where DNBONLY held an event.
