Biography

MICHELE_MIKY_MICHAEL DEL SAVIO
Michele Del Savio is a singer-songwriter with no fixed home city, taking his sound wherever the stage is. The lights drop, the first beat of The Angel lands and the room finds its pulse: cult vocal performances that slide into dance, tech house, underground and electronic DJ sets, from a thirty-minute mini show to two or three hours behind the decks.

He is at his best on the bigger stages — grand hotel dance halls, major discotheques, concert stages, television studios, large virtual events, fairs, amusement parks and showrooms — and travels internationally with his own DJ mixer and audio interface, needing only technical support on site.

Weddings and cruise lines fall outside his remit.
